

ANGELINE

E.P. VOLUME 1

Life

LIFE 3:41

You took my heart and now it's broken,
Remind me which way will we go from here?
Cause, enough is enough i can't breathe anymore,
You've been wasting my time i can't take it no more.
This time i think we have to give it up.

With heartache, you're down I won't follow you
I ain't coming round again, and it's breaking me.

Cause Life, always seem to pass us by,
Now can we make it right and take enough time,
Time isn't on our side.
And Life, always seem to bring us down,
Now can we keep it up, keep it up now
Together we can figure it out.

You broke the rules, the words unspoken
This time I know we have to give it up
With heartache, you're down I won't follow you
I ain't coming round again, and it's breaking me.

Cause Life . . .

CAN YOU FEEL IT NOW?

I've tried to get back up again
But sometimes I feel I don't have nothing left.
Together we can make it right,
together we can find our way again.

Some might say, (some might say)
That we're on our way back.

Baby can you feel it now, I'll meet you on the other side
I know we can get lost sometimes,
But we gonna keep hanging on.
Baby can you feel it now, we're gonna get it right
somehow
I know that we belong somewhere, come on let me take
you there.

I know that we can make it back,
Somewhere i know there is a place for us.
I'll never ever let you down, let's make a stand and always
carry on
Some might say, (some might say)
That we're on our way back.

Baby can you feel it now . . .

Tonight I need for you, to give me one more try,
Tonight I need it.

Baby can you feel it now . . .

INTO THE FIRE 4:17

Just take me back to the way it was before
You know I've done my time, ain't gonna wait in line no
more

Baby, baby well you gotta think twice
Oh you've gotta see the truth behind all the lies

If you make up your mind then this time you may find it
Just open your heart let me in.
Yeah you've gotta be strong thru the hard times and
struggles
You know we'll never break.

Oh into the fire we run, baby we come undone
Into the fire we run.
Oh baby don't get me wrong, let's go before the flame is
gone
Into the fire we run.

Tell me now is it time to make amends
Just bring it on, bring it back I'm still waiting

If you make up your mind then this time you may find it
Just open your heart let me in.
Yeah you've gotta be strong thru the hard times and
struggles
You know we'll never break

Oh into the fire . . .

DAYS GO BY 3:34

If you look into my broken mirror,
There's pieces gone, but there not forgotten
And every line upon this face
Tells a story that I won't replace,
If I did then it wouldn't be me

Days go by, I see you there tonight
Days gone by, I'll meet you there tonight
Days go by, I see you on the other side
Days gone by, I see you there tonight

You lived you're life like there's no tomorrow,
It makes me sad but you always make me smile
And if happiness turns into sorrow,
I got dreams that you can borrow, oh

Days go by . . .

Table's turns as years go by,
We never got to say our last good bye
Time will tell & there comes a day
I know we will find our way
Tell me tell me where would we be without you???

Marshall

The idea of this EP was born in the spring of 2012. The Angeline story began in the summer of 1987 and we somehow wanted to celebrate that the band has been around for 25 years. The songs on this release shows the band in its classic melodic hard rock style but it also shows a lighter more acoustic side to the band on the track "Days go by". We hope that you will enjoy listening to these new songs as much as we loved to put them together. Angeline will be back on record sometime in 2014 so until the next time, rock in peace!! Angeline 121212.
